

Purée-Aid™

Ready-To-Use Pudding-Thick Bases

Supports Achieving IDDSI Levels    

IDDSI

 **EXTREMELY THICK**

Designed for Purées, Liquid Hydration, and More

Produce consistent and flavorful texture modified meals

Purée-Aid is pre-hydrated to provide on-demand, reliably thickened liquids for hydration, plus the desired consistency for purées and other texture modified foods, in accordance with the IDDSI framework.

Choose from 4 favors to compliment any cuisine:

- **Bouillon**
- **Herb Butter**
- **Sweet Apple**
- **Lemon Twist**

Purée-Aid incorporates flavor, moisture, reliable thickness, smooth consistency and nutritional value, all in one easy step!

- **Blend** with fruit, vegetables, dairy, protein & grains
- **Serve** as a drink, dessert or side-dish for menu variety
- **Combine** with other ingredients to achieve specific flavor, texture, and thickness objectives
- **Recipes** are provided to support menu development

Purée-Aid comes packaged in a wide-mouth one gallon container for easy portioning and includes two pails per case.

At Imperial, we believe everyone deserves nourishment and enjoyment from their cuisine, which is why we are dedicated to developing exceptional products for those savoring every meal.
