

Immune Support

Workplace Wellness Beverages

As businesses continue welcoming employees back to the workplace, maintaining a safe and secure environment is a top priority.

Companies need to maximize productivity, while employees require confidence and comfort in their workplace to perform best.

Imperial's Workplace Immune Support Program supports corporate wellness initiatives by providing employees with healthy hydration drinks, which help team members feel safe, healthy, and productive.

- Immune Support from ResistAid® and Vitamins C, B6, D3
- No Corn Syrup or Artificial Sweeteners
- No Artificial Colors or Flavors

12 oz. Serving Contains:

- **500 mg ResistAid™** (Natural Larch Arabinogalactan) Natural plant-based dietary fiber balances the immune system and strengthens the body's defense against viral and bacterial infection.
- **100% Vitamin C** Powerful antioxidant also regenerates other antioxidants, which destroy free radicals and protect immune cells.
- **50% Vitamin B6** "Helper molecule" aids the body in the production of immune cell proteins which regulate healthy immune function.
- **50% Vitamin D3** Reduces inflammation and supports the activation of immune T-cells which detect and destroy pathogens.
